Starting at \$25, membership contributions go directly into improving our organization and create the best possible experience for all. We offer several tiers of membership. One of the most popular being the \$100 level which includes a North American Reciprocal Museum (NARM) membership. This gives you free access to over a thousand museums all across North America, including the Clark Art institute and the Adirondack Experience.

Hamilton Craig, a doctoral student at CUNY researching farmers movement in the United States, and a native of Shushan, Washington County, will present a vivid portrayal of farm life in Wilton, New York based on the 1910 diary of Wilton resident Mary Brainard. The diary reveals an intimate picture of a rural world in transition, caught between the subsistence and barter economy of early America and the capitalist economy of modern America.
